Speedy Clean Fleet Program

We'll get your fleet the checkered flag!

If you have a fleet of 2 or more vehicles, Speedy Sparkle has a Clean Fleet program for you. As a member of the Clean Fleet Program, you will receive substantial discounts on Full Serve and Deluxe wash packages. Speedy Sparkle's super convenient location provides a convenient stop for a wash 7 days a week (weather permitting).

The Clean Fleet Program is designed to be flexible to meet your specific needs, too. Monthly reporting allows you to monitor your fleet vehicles and to design the level of expenditure as you manage fleet expenses.

Of course, the appearance of your vehicles plays an important role in how your customers and clients view your business or institution and the value of the product or service you provide. Whether you are a government entity, non-profit institution, consumer or business to business enterprise, a clean fleet of vehicles enhances customer perceptions and their view of your professionalism. First impressions do matter.

It is well known, too, that drivers exhibit greater pride and take better care of their vehicles when they are clean, inside and out. Many believe their car drives better when it is clean.

Of course, a fleet of vehicles is a huge investment, many fleet managers work hard on maintaining the fleet while managing the costs. Well maintained vehicles do retain their value longer through preventive exterior and interior care, further enhancing the benefits of exterior and interior fleet maintenance.

Whether your policy is to have drivers wash on the weekends or during the week, Speedy Sparkle is open every day. By the way, a time saving tip for the fastest possible service is to encourage your drivers to wash first thing in the morning on Monday through Wednesday. Even when there is a line, however, Speedy's staff is organized and efficient at getting your vehicles through the wash promptly. The central location along Highway 287 makes it a quick stop whether coming from the North or South, or even East or West along 29th Street.

Speedy Sparkle Fleet Wash customers are assured that their vehicle appearance is being maintained by a company using Auto Manufacturer OEM approved equipment and chemicals compatible with modern vehicle finishes and trim. The wash is fully environmentally friendly with boilers heating water at 95% + efficiency, highly water efficient equipment further benefitting from a water reclamation system recycling 75% of the water used and modern techniques to enhance electrical efficiency.

Speedy Clean Fleet Wash

Program Options:

Cannonball Run Program

- Choice of all 4 Full Serve Wash and Deluxe Wash Options, or Mix and Match;
- Wash Cards issued to each vehicle at a 20% discount from posted Full Serve and Deluxe Wash prices;
- Minimum initial purchase and recharge amount of \$250.00 distributed among up to 10 cards;
- Allocate dollar amounts to each vehicle with an assigned card, tracked by license plate number or fleet number;
- The customer receipt for each cash card purchase shows the value remaining on the card;
- A monthly report shows balances remaining on each card for each vehicle;
- Cards may be recharged by check, credit card or cash without presenting all the cards to the wash for recharging;
- Each recharge must be in the minimum amount of \$250 or more and may be allocated among cards as you desire;
- Each card may be marked for certain wash type or highest wash level authorized for the vehicle;
- Drivers simply present their card at the cashier and the account will be debited each time they wash the fleet vehicle.
